

Waleed Ahmed

Motivated BS Data Science student at FAST-NUCES Karachi with a strong foundation in C, C++, Microsoft Excel, and basic web development (HTML & CSS). Passionate about data analytics, machine learning, and problem-solving. Demonstrated programming and analytical skills through academic projects and coursework. Eager to gain hands-on experience through internships and contribute to real-world data-driven solutions while continuously expanding technical expertise.

WORK EXPERIENCE

Your Online Conversation (YOC)

Frontend Development Intern

June 2026 - July 2026

- Gained hands-on experience in **Frontend Development** using HTML, CSS & Bootstrap.
- Created and designed **responsive emailers** for practical projects.

EDUCATION

National University of Computer and Emerging Sciences (FAST-NUCES)

Bachelor of Science in Data Science (BSDS) - 3.12

August 2025 - 2029 (Exp)

PROJECTS

Voting Management System

November 2025 - December 2025

- Developed a console-based voting system with candidate management, vote tracking, and result generation.
- Implemented admin authentication, voter validation, duplicate-vote prevention, and file handling for data storage.

Smart Traffic Intersection Simulator

March 2026 - May 2026

- Designed a simulation of a smart traffic intersection to improve traffic flow and signal management.
- Implemented OOP principles, decision-making logic, and real-time traffic control mechanisms.

CAR-MARKETPLACE-SYSTEM

April 2026 - May 2026

- Built a C++ OOP-based car marketplace system demonstrating inheritance, polymorphism, abstraction, and operator overloading.
- Implemented vehicles, users, listings, and search system with role-based marketplace functionality.

Responsive Webpages – YOC Internship

June 2026 - June 2026

- Developed **3 frontend projects** using HTML, CSS & Bootstrap.
- Projects are organized in **3 separate GitHub branches**.
- Later worked on **client-based emailer development**, including a **Bangladesh Flood Relief campaign, MAUSA and etc.**

SKILLS

- Languages: C, C++, HTML, CSS
- Data Science & Libraries: In Progress
- Computer Science Concepts: Object-Oriented Programming (OOP), Data Structures, Algorithms, File Handling, Problem Solving
- Tools & Technologies: GitHub, Git, VS Code
- Soft Skills: Problem-solving, Time Management, Analytical Thinking

CERTIFICATE

ACM Coders Cup 2025 – Certificate of Participation

- Certificate of Participation

Asteria Agent X – Certificate of Participation

- Certificate of Participation

Developer's Day 2026 - Participation Certificate

- Participation Certificate
